SUNDAY MORNING, DEC. 18, 1853.

Rev. J. B. FERGUSON will preach at the Christian Church this morning at half past 10 o'clock. CATHOLIC CHURCH .- The subject of the last lecture this afternoon will be: The Interception of Angels and Saints

AUGUSTUS H. COOPER was elected Superintendent of the Water Works at the meeting of the Board of Aldermen on Friday evening. Mr. Cooper is a young man of industry and skill in his business, and will make a good Superintendent.

GRAHAM, the man who stole the mail bug on the Louisville route, was arrested on Friday last, at Bowling Green, Ky., and we learn from Col. B. Martin that they have recovered about \$3,200 in money, and a lot of Jewelry. His trial comes off on Thursday next. Mr. Carrer, stage contractor, has gone in search of the mail.

GODEY'S LADY'S BOOK.

F. HAGAN has sent us the January No. of Godey's Lady's Book, which is exceedingly well filled. The principal embelishments-"The Pleaides" and "Time in search of Cupid"-are very beautiful. The fashion plates, too, are numerous and well executed,-Among the literary articles we notice one from the brilliant pen of Hon. CALES CUSHING, entitled "The Stolen Match." HAGAN keeps constantly on hand a supply of all

the Magazines of the day.

THEATRICAL.

"Virginius" was represented last night before a good house, though not so large as we could have wished and the merits of the performance deserved. The weather was exceedingly unfavorable, and many, ladies especially, were kept within doors by the mud and rain.

The play was well cast, and the entire performance highly creditable to the company. At the late hour of writing, however, we cannot speak specially of any other character than the principal one, and of that but briefly. Mr. NEAFTE, as Virginius was all that we expected or could have wished. His conception of the character was singularly classical and chaste, and such as could no: fail to win the approval of an educated audience. Throughout the performance he elicited warm and discriminating

In the second part of the evening's entertainment, Mr. NEAFTE appeared in the character of Don Ceasar de Bazan, in which we have seen him often, and each time with increased delight. Mr. NEAFIE must be seen in such characters in order to realize fully the extent of his powers as an actor. He has certainly more versatility of talent than any actor now on the American stage, being equally great whether as the stern Virginius, or the rollicking, but generous and chivalrous, Don Ceasar.

Mr. NEAFIE has been re-engaged for three nights more, and to-morrow night he will appear in the character of Macbeth. We learn that "HAROLDE, THE MERCHANT OF CALAIS," is in preparation, and will be produced during Mr. NEAFIE'S re-engagement. This play is one of Mr. Nearie's own productions, and proves him to be a man of high literary as well as histrionic talents. Wherever it has been produced, its success has been decided, and we confidently predict for it a brilliant reception here. Our discriminating play-goers cannot fail to appreciate it. We shall take occasion to speak more at length of this production in our next.

Pursuant to adjournment the board of Mayor and Alderman convened on Friday evening. The Mayor stated the business before the board, to be he election of Superintendent of Water Works, and an Engineer. At the previous meeting, Messrs. He had paid his Doctor's Bill, without any calculation of making another, thuking it was of no use, and no one expressed any hope of his recovery except a stranger, who happened to pass that way, and advised him to a different course of treatment, which has this recommendation, that in fire weeks time it has made him feel like engaging in business. But why does he come out of this spell of sickness a strong advocate of Dr. Arnold's Union Pills? Because, they are the principal remedy used in the treatment of his case; and to their efficacy he is principally indebted for his recovery. We clip the following from the McMinnville Enterprise of December 1st:--To the Public.-It is a well known fact that we are, and ever have been opposed to the system of puffing; but when we have tried an article and find it to be what it purports, we feel it a duty to state such facts that others may be benefitted. My daughter had been afflicted with fetter on he head for eight years, and had tried the prescriptions of the best l'hysicians in the country to no effect—last spring we procured of J. B. Dr. Morse's Invigorating Elixir or Cordial. The day has passed when a great remedy could be cried down by pseudo-science. The attempt has been made to depreciate the merits of the Elixir or Cordial, but in vain Dr. Morse has a reputation too high in the scientific world of both hemispheres to be reached by the carpings of the invidious. Look at the attested cures wrought by this preparation. They comprehend dyspepsia, barrenness, every kind of disease peculiar to females, nervous muladies of all kinds, liver complaint, chronic afflictions of the stomach and bowels, general prostration, impotency, incipient parathese two men, father and grand-father-made lysis, hypochondriasis, head-ache, constipation, and innumerabte complaints which it is impossible to specify in an advertisement. FOR THE COMPLETE CURE OF Coughe, Colde, Influenza, Asthma, Bronchitie, spitting Blood, and all other Lung Complaints tending to

CONSUMPTION. THE GREAT COUGH REMEDY! EADER! have you a Cough, which you are neglecting, under the idea that it is only a common cold, that it vill soon "wear itself out?" Let a friend tell you, in all kind-

ness, what will soon be the probable result.

In a short time, if you continue to neglect yourself, you will begin to feel a sense of tightness and oppression across the class, accompanied with frequent sharp darting pains. Then a dry, backing Cough will set in, and when you raise anything it will be a thick and yellowish, or white frothy matter, streaked, perhaps, with blood. If you still take no medicine, these unpleasant symptoms will increase, and you will soon have Hectic Fever, Gold Chills, Night Sweats, Copious Expectoration, and then Great Prostration. If you still neglect yourself, a few weeks or months will see you consign ed to the grave, leaving your friends to mourn how rapidl CONSUMPTION did its work, and hurried you away. Friend! have you no cause to be alarmed? In the above sketch you may see as in a glass, how every case of Con-sumption progresses, with more or less rapidity, to a fatal termination. Of all the Thousands and Millions whom this great Destroyer has gathered to the tomb, every single case began with a Cold! If this had been attended to, all might have been well but, being neglected, under the fatal delusion that it would "wear itself," it transferred its deadly action to the substance of the Lungs, exciting there the formation of tubercles. Another, and another cold added fuel to the flame, until these tubercles began to soften and suppurate eaving, by their ulceration, great cavities in the Lungs. At his crisis, the disease is very difficult of cure, and often

sets at defiance all human means.

In the latter or worst stage, this medicine will oftentimes arrest the disease, or check its progress, and will always make the patient more comfortable, and prolong his life, and is therefore worthy of a trial;—but in its incipient or forming periods, Consumption is as curable as any other disease, and "Dr. Rogers' Syrup of Liverworth, Tar, and Canchalagua," if taken at this time, will cure it 13 AS SURELY AS I Is TAKEN! 351 This is strong language, but we can refer you to numberless living witnesses to prove that it is TRUE And therefore, we earnestly exhort every man, woman and child, who has a Cough, or is subject to Colds, to keep medicine by you in the house; and whenever you take Cold, do not "let it alone" to work mischief in your system, but eradicate it thoroughly, at once, by this power, fully healing compound and leave your Lungs uninjured, to carry you in full vigor to a good old age!

MOTHERS!

Have you delicate, weakly children, who are always taking cold, and subject to Croup! Remember! There never was case of Croup, which did not originate in a Cold! And when your child goes to bed wheening and coughing, you know not that, before morning, Cronp may not set in, and ere you can get a Physician, your dear child may be beyond the reach of help. We beseech you therefore, as you value the lives of your children, keep this medicine by you in the bouse, and when your little ones take cold and commence congling, give it to them at once, and rest not until the congl s entirely subdued. We conscientiously aver, after the nost extended experience, that if this advice were followed

for the cold would be cured, before it could arrive at this ag gravated and fatal stage. Let every Mother, especially, beer well these remarks, that she may not hereafter, when mourning over the early blight of some cherished blossom, have ccasion bitterly to reproach herself for her criminal neglect. is an old adage, that "to be forwarned, is to be forearmed. Parents! so let it be in your case.

He sure to ask for Dr. A. Rogers' Syrup of LIVERWORT,
TAR and CANCHALAGUA, and let no other be palmed on
you.

MEDICAL.

TENRY'S INVIGORATING CORDIAL,
PURELY VEGETABLE IN ITS COMPOSITION.—
This invaluable Cordist, is extracted from Herbs and Roots,
which have been found after years of experience, by the most
skillful Physicians, to be possessed of qualities most beneficial in the diseases for which its recommended, and hence
whilst it is presented to the public as an efficacious remedy,
it is also known to be of that character on which reliance
may be placed as to its safety. In cases of Impotency, Hemorrhages, Disordered Sterillity, Menatruation, or Suppression of the Menses, Flour Albus or Whites, or for

Debility arising from any cause, such as weakness from sickness, where the patient has been confined to bed for some time, for Females after confinement, Abortion or Miscarriage, this Cordial cannot be excelled in its saintary effects or in loss of Muscular Energy, Irritability, Physical Prostration, Seminal Weakness, Paipitation of the Heart, Indigestion, Singgishness, Decay of the Proceasive Functions, Nervousness, de., where a rosse Medicine is required, it will be found equal, if not superior to any Compound ever used. To Females.

Henry's lavigorating Cordini, is one of the most valuable Medicines in the many Complaints to which Females are subject. It assists nature to brace the whole system, check excess, and creates renewed health and happiness also suffering, disease and unhappiness among Ladies would exist, were they generally to adopt the use of this Cordini—Ladies who are debilitated by these obstructions which females are liable to, are restored by the use of a bottle or two, to bloom and to vigor.

That sollinry practice, so faint to the existence of man and it is the young who are most apt to become its victims, from an ignorance of the danger to which they subject themselves, causes Nervous Debility,

Weakness of the System, and Promature Becay. Many of you may now be suffering, misled as to the cause or source of disease. To those, then, who by excess have brought on themselves Freuntars to Impotency. Involuntary Seminal Emissions, Weakness and Shrivelling of the Genital Organs, Nervous Affection, or any other consequences of unrestrained indulgence of the sensual possions, occasioning the necessity of renouncing the felicities of

Marriage, lessening both mental and bodily expacity. Hold! Henry's invigorating Cordial, a Medicine that is purely Vogetable, will aid nature to restore those important functions to a healthy state, and will prove of service to you. It possesses are virtues, is a general remover of disease, and strengthener of the system.

As a Tonic Medicine, it is unsurpassed. We do not place this Cordial on a footing with quack medicines, and, as is customary, append a long list of Recommendations, Certificates, &c., beginning with—Henr what the Preacher says," and such like; it is not necessary, for "Henry's Invigorating Cordial," only needs a trial to prove that it will accomplish all we say. The Genuine "Henry's Invigorating Cordial,"

is put up in S oz Pannel Sottles, and is easily recognized by the Manufacturer seignature on the label of each Sottle. (to counterfeit which is forgery,) as well as the name blown in the glass.

This remedy has been extensively used throughout the

This Medicine is composed of articles of the primest and purest quality, and is always made by the proprietor in person, after the established forms of pharmacy (which cannot be said of the many Tonics now flooding the Western and Southwestern country) and in this respect alone is rendered greatly superior to the remedies usually prepared and sold in the country.

By its aperient and powerful disphoretic properties, added to its Tonic qualities, it is rendered embeauty species to quinine and other remedies as a general and popular Tonic in all cases whatever, where Tonics are proper to be administered. The proprietor, therefore, respectfully invites practitioners and the public generally to give it but fair trial, and they will then be convinced of its great supespecified. Persons living in districts of country subject to Ague and Fever, Chills and Fever, or Bilious Fevers, would do well to keep a supply of this valuable remedy always on hand.
